Offenbach’s beloved operetta “Orpheus in the Underworld” is a raucous and irreverent retelling of the Orpheus and Eurydice myth. Rather than gallantly pursuing his wife into Hades and using his musical prowess to bring her back, our ‘hero’ is a self-absorbed has-been who reluctantly attempts to rescue his wife only to protect his own reputation. Full of delightful characters and danceable tunes (including the well-known Can Can!), USU Opera’s broadcast from the Amphitheater on Old Main Hill is sure to entertain! Sung in English with English dialogue (Jeremy Sams translation). Content Advisory: sexual humor/innuendo
